[#] Savings may vary between dentists. It is recommended that members obtain a quote prior to treatment.

* Benefits will only be paid for one consultation and/or treatment per provider per day.

[^] You cannot claim on any accessories, exercise equipment, herbs, supplements or pills prescribed by the provider, only consultations.

Do I have my choice of extras provider?

Yes. Frank believes in freedom of choice, so we pay the same benefits to any registered provider. This means you can use your regular dentist, optometrist or physio and still claim.

Are there extras services frank won't pay?

Yes there are. This might make us sound mean but if you have a read, you'll see they're fair.

Where you are entitled to receive a rebate from Medicare for extras treatments you cannot claim any out of pocket expenses with Frank.
